I'm a creative problem solver. I can't do what I want if I always do what I'm told.

## Experience

### Freelance

INiT - <https://theinitgroup.com>

July 2014 to Present

I moved out to Los Angeles with two months rent and have been freelancing full-time ever since. I operate as my own agency, but desire to create with others.

### Web Developer

The Idea People - <https://www.theideapeople.com>

October 2012 to April 2013

I was assigned ownership of projects. I worked with clients to create design assets and engineered custom WordPress themes.

### Interactive Designer

INSite Business Solutions - <https://www.insitebiz.com>

June 2011 to July 2012

I did front-end development focused on revamping the user interface of major B2B applications. I pioneered a drop-ship solution for Europa Sports Supplement products.

## Education

### Full Sail University

Orlando, FL - July 2010

Bachelor of Science in Digital Arts & Design

## Skills

Adobe Creative Suite, HTML, CSS, SASS, WordPress, WooCommerce, PHP, Node, React, MongoDB, jQuery, Amazon AWS, GitHub, Stripe, Photography, Videography, Design, Branding, Conceptualizing Complexities, I'm not a bad cook either, etc.
