Kyle Bebeau

(803) 984-8700

kylebebeau@gmail.com

Imagination is the only weapon in the war against reality. I aim to please, but shoot to kill. I'm an artist, a problem solver, a software engineer, a creative gun for hire, etc.

Experience

Front-End Developer
Punchmark - https://punchmark.com
Charlotte, NC - January 2020 to October 2022
Led software development for a custom CMS platform that integrates POS systems with an e-commerce solution, catering specifically to brick and mortar jewelry stores. Delivered high-quality code and ensured seamless user experience.

Freelance Design & Development
INiT - https://theinitgroup.com
Remote - July 2014 to Present
Initiated and managed a portfolio of live client projects through my freelance service, INiT, with a focus on building scalable and responsive web applications. Delivered projects on time and within budget, while maintaining a strong client relationship.

Owner
Smoke Break - https://smokebreak.live
Remote - January 2019 - Present
Successfully developed and launched a niche product for the multi-million dollar cannabis industry. Conducted market research and developed a product that met the specific needs of the industry. Independently marketed and sold over 4,000 units since 01/2019, achieving significant revenue growth and market penetration.

Education

Full Sail University
Orlando, FL - July 2010
Bachelor of Science in Digital Arts & Design

Skills

Adobe Creative Suite, HTML, SASS, Node, React, Typescript, Mongo, Amazon AWS, GitHub, Stripe, API integration, NPM/yarn, etc.
